Revision to Terms of Reference for the EIC Subcommittee on Electronics and Telecommunications:

The Acting Chairman reported that the revision to the Terms of Reference had been concurred in subject to the deletion suggested by the DIA member.

External Research Contracts

The Acting Chairman brought to the attention of the members the recent Presidential directive to the Department of State that no government sponsorship of foreign area research should be undertaken which in the judgment of the Secretary of State would adversely affect foreign relations. The Department of State has contacted other agencies requesting their help in establishing effective procedures to implement this directive.

The Department of State representative reported that his Department has additional material on this subject including a recent speech by Mr. Hughes, Director, INR, which he would make available to members upon request.

This new procedure will not have any effect on the EIC's responsibility to review external research contracts over \$5,000.

The Acting Chairman noted that the EIC Subcommittee on Agriculture had commented favorably on the proposed CIA-sponsored external research contract on "Cuban Sugar Production in 1970."

APPROVAL OF MINUTES:

The minutes of the EIC meeting of 12 August 1965 (EIC-M-109) were approved.

DISCUSSION OF PROCEDURES TO BE FOLLOWED IN CONDUCTING A REVIEW OF THE EIC SUBCOMMITTEE STRUCTURE:

Members were asked to submit to the EIC Secretariat by 19 November their views, not only regarding the abolition of those subcommittees recommended by the Department of Defense to the Bureau of the Budget, but also concerning the possible consolidation or abolition of other current subcommittees, as well as the desirability of creating new subcommittees in the

EIC structure. The Secretariat will consolidate these recommendations into a brief for circulation to members for discussion at the next regular meeting of the EIC tentatively scheduled for 9 or 10 December 1965.

DISCUSSION OF PROPOSED "SURVEY OF PROFESSIONAL PERSONNEL DIRECTLY ENGAGED IN ECONOMIC INTELLIGENCE RESEARCH AND SUPPORT RELATING TO THE NATIONAL SECURITY":

The Acting Chairman suggested that it would be desirable that this item be deferred for the consideration of Dr. Guthe's successor, as Chairman, prior to any further discussions in the Committee.

CONSIDERATION OF EIC-R16-S6, "THE INTERNATIONAL TRADE AND TRANSPORT OF COMMUNIST CHINA, 1964":

The report was reviewed on a page-by-page basis. The Committee approved the report for issuance subject to the modifications and changes that had been agreed to.

The Department of State representative stated that he hoped the preliminary CIA trade study for 1965 would be forthcoming in the spring of 1966 in accordance with the EIC agreement.

Members agreed that further guidance would be required and that perhaps there was too little detail in the draft instructions and forms. The Vice Chairman stated that members would be contacted individually for their suggestions in order to draw up acceptable forms and procedures to be followed in conducting the survey.

OTHER BUSINESS:

The Chairman reported that the Office of the Director of Administrative Management of the Department of Defense, had recommended to the Bureau of the Budget that the EIC Subcommittees on Chemicals, Economic Defense, Minerals and Metals, Industrial Machinery and Equipment, and Electric Power and Solid Fuels be abolished, and that the Bureau of the Budget had forwarded this recommendation to the CIA for the Chairman's consideration. He noted that the Defense Intelligence Agency Representative on the EIC had not been aware of this recommendation.

The Chairman pointed out that these subcommittees had met very infrequently since 1960 and that perhaps the EIC should review this recommendation together with the whole Subcommittee structure. He stressed the fact that if the subcommittees noted were to be abolished, some network of expertise in their respective fields within the community should be maintained on an informal basis.

Due to the lateness of the hour, further discussion of this item was scheduled for a future meeting.
